**DIRECTIONS:** Each student in the Life Span Developmental Science Doctoral Program Doctoral is required to submit a initial Statement of Research Agenda (**PGS Form SRA**) to the Psychology Graduate Studies at the completion of their first semester in the program and a final Statement of Research Agenda at the beginning of their second year in the program. The Statement of a Research Agenda (SRA) is intended to represent a student's statement of the type of research program they believe would contribute to the development of their professional identity. Based on the student's experience in a program of advanced study, the document should include a statement of the student's understanding of the literature to which they plan to contribute as well as a statement of how they plan to draw on the resources of the program in achieving their goals. The Statement of a Research Agenda should be about two typewritten pages and include a discussion integrating the SRA with the student's Course of Study for completing the precandidacy requirements (**PGS Form COS**) on file with the PGS. The SRA should be attached as an appendix to this form.
