Textbook: *Algebra and Trigonometry* by Michael Sullivan, 8 edition, Pearson Prentice Hall.

Examinations: There will be three in-class paper and pencil exams, two quizzes, and a final exam.

Grading policy: To get a full credit for a problem on the test you must show your work. An answer alone, even correct, will get no credit.

Your grade will be calculated as the highest of Option I,II, or III:

Option I:	%	Option II:	%	Option III:	%
3 Exams	60%	3 Exams	70%	2 Best Exams	45%
2 Quizzes	10%			2 Quizzes	10%
Final	30%	Final	30%	Final	45%

Option I is the standard weighting, in the event that you have done better on your exams than quizzes, Option II may be used. Option III is useful if you do very well on the final or if you missed an exam for a valid and documented reason. If you miss an exam for an invalid or undocumented reason you will receive a 0 on that exam and Option III will not be used, see make-up policy.

Your final grade will be assigned according to the following scale.

A: 90 – 100	B + : 86 – 87	C+: 76 – 77	D +: 60 - 64
A- : 88 – 89	B: 80 – 85	C: 70 – 75	D : 55 - 59
	B-: 78 – 79	C-: 65 – 69	F: 0 – 54

Final Exam: Thursday 4/28/10 5:00PM - 7:00PM Academic One 226

Make-up Policy: There will be no make-up tests. If you miss a test due to illness, religious holiday, or other emergency and provide documentation supporting your claim, your final exam will count in place of the missed test, see option 3.

Calculator Policy: Graphing calculators, cell phones, ipods, or anything other device with wireless communication is strictly not allowed. A regular or scientific calculator may be used. There are also no formula sheets allowed.

Incomplete Grade Policy: The incomplete grade is given to a student who has substantially completed most of the course work but is unable to finish an exam or other work because of circumstances beyond the student's control. An IN grade cannot be given if it is necessary for the student to repeat the course.

An incomplete grade must be made up within two semesters. There is no extension of the two semester deadline. The student must not register again for the course to make up the incomplete. Every incomplete grade must be approved by the Mathematics Department.

Drop Date: The last day to drop a course is March 4th.

Academic Misconduct: Includes (but is not limited to) giving or receiving assistance on a test, quiz, or homework assignment for which such assistance is not permitted, falsifying a document to obtain an excusal from a test, and using unauthorized notes on a test or quiz. A more complete definition of Academic Misconduct is given in the Student Handbook. Penalties for Academic Misconduct range from an F in the course to expulsion from the University.

Classroom Etiquette: Students are expected to conduct themselves at all times in a manner that does not disrupt teaching or learning. You are expected to come prepared to the class, be on time and remain in the classroom for the duration of the lecture. Talking, eating, sleeping, checking e-mail, using a phone, reading a newspaper, preparing for another class, packing up early is disruptive to others around you and to the instructor. Though classroom participation is always welcomed, questions and comments must be relevant to the topic at hand. If you have a question or comment, raise your hand to be recognized. Electronic devices such as cell phones, iPods, and computers must be turned off during class. Student conduct which disrupts the learning process shall not be tolerated and may lead to disciplinary action and/or removal from class.

Material to be covered: This is a rough schedule and is subject to change as the semester progresses. Any changes will be posted on the website and announced in class.
