## It's your museum.

The Frost Art Museum was built for you. Meet your friends at the Frost for a look at our exhibitions, a special member event or a reception with the artists. Enjoy our **Steven & Dorothea Green Critics' Lecture Series** and **Wednesday After Hours** featuring local and internationally acclaimed artists. You'll be the first to know about our exciting exhibitions, and receive invitations to special Frost programs and social events. We keep you informed with Frost Bytes (our online updates) and *Frost On View*, our member magazine.

## The new Frost Art Museum is a work of art.

Call us for a tour. You'll see what we mean. Some membership levels include discounts for facility rentals, allowing you to use the Frost as the perfect backdrop for your events.

## You can help support the next generation of artists.

The Frost Art Museum is the teaching arm of FIU's respected visual arts program, which has produced many internationally acclaimed artists. The Frost's Betty Laird Perry Emerging Artist Collection is comprised of artwork obtained through purchase awards granted to selected Bachelor of Fine Arts and Masters of Fine Arts students.

## Art works.

We know that exposure to art and art education challenges and motivates children. The Kenan-Flagler Family Discovery Gallery offers children the chance to create their own exhibitions. The Frost also offers **Art Smart**, a program designed for 5th graders. It includes a tour of the **Sculpture Park at FIU** and engaging art activities. **Art Smart: Figures**, a spin-off of the original, was inspired by the Frost exhibition, *Figurative Art Past and Present: Highlights from the Permanent Collection*. Students receive a tour of the exhibition and participate in a collaborative learning art activity. The program takes students on a journey through time and place as they learn about history, cultures and customs through artwork from around the globe.

## You get an excellent return on your investment.

Your support is a gift to you and your community. The Frost Art Museum is the only museum in South Florida that charges no admission. Why is this important? People in our community who might not have access to an art museum – particularly young people – can visit and learn at no cost.
